ASTONISHING RECOVERY  
FROM ASTHMA

WM. F. M. POLAND

After suffering for ten years from asthma, William F. M. Poland is now restored to health. He gives all credit to Nature's Creation.

"I took three bottles of Nature's Creation," says Mr. Poland, who is a well-known citizen of Asella (Bartholomew Co.), Ind., "and I feel that I am cured of the asthma. I am feeling fine, for which I thank Nature's Creation. I can truly say it is a great medicine, and can truly recommend it to others afflicted with asthma as I was."

In a later statement Mr. Poland says that "when I began taking Nature's Creation I was in a very bad condition; had been suffering with asthma for about ten years. I tried different remedies, but none helped me permanently. Soon after I began taking Nature's Creation I began to feel better, the paroxysms became lighter, until they ceased altogether and have not returned."

The original letters from Mr. Poland are on file in our office and can be seen by any one. Surely no doubt can exist in your mind after reading such a frank, honest statement from this man, and if YOU are suffering from asthma, tuberculosis, bronchitis or run-down system, please do not delay a day getting in touch with us. Write at once for free booklet containing testimonials and photos of local parties who have used Nature's Creation and found it all that is claimed for it. Address M. L. COMMUNITY XMAS  
TREE IDEA WINS FAVOR

NEW YORK, Dec. 5.—Thirteen cities scattered throughout the country, following the example set by New York last winter, will have community Christmas trees this year, according to an announcement made Thursday by the "group of idealists" who provided the first tree in Madison Square park a year ago and who have planned another tree for New York this year. The cities are Philadelphia, Chicago, Boston, Pittsburgh, Baltimore, Rochester, Cincinnati, Newark, Minneapolis, Washington, Hartford, Utica and Schenectady.

INDIANAPOLIS, Dec. 5.—A child's express wagon, drawn by a full-grown man and with another man walking alongside as guard, is carting freight today, because 3,000 union teamsters are on strike for a higher minimum wage.

The sight of the little express wagon, the sight of citizens doing all manner and kinds of delivery formerly done by wagons and auto trucks, occasions only passing comment. Everybody's doing it. Wiley telephones hubby not to forget stopping in on the way home from work and getting bread from the baker, milk from the dairy and meat from the butcher. Deliveries by wagons in the residential sections are comparatively nil.

So far the strike has meant merely inconvenience. If continued very many days longer, the city will face an epidemic of disease. Garbage is

not being collected. Comparatively few are obeying the city sanitarian's orders to burn garbage and refuse in their stoves and furnaces.

The city garbage and ash collection is in the hands of a private contractor who, despite his fat contract, is unable to pay his wagonmen the rate of wages demanded by the union, \$13 a week for six ten-hour days.

Uncle Sam is unwittingly the union teamsters' worst enemy. By parcel post and also by express, which has the protection of the interstate commerce commission, the department stores, grocers, bakers and hardware merchants are making almost all necessary deliveries.

The parcel post is swamped. Eggs, butter, meats, dressed fowl and bread, as well as milady's new shoes, waist, silks and Christmas gifts, pile up high every hour in the postoffice.

Christmas shopping is not one-half as normal as it was last year.

BENTON HARBOR—State officials will appeal to the national government to make provisions for the care of Jacob Goldstein of this city, recently discovered to be suffering with a severe case of leprosy. The state has no institution to which the man can be taken. His mother positively refuses to give him over to the care of authorities.

LANSING—Gov. Ferris will issue few pardons as Christmas gifts this year according to a statement given out by the official in which he asserted that he feels he has already

BACKACHE AND RHEUMATISM VANISHEven Most Chronic Sufferers  
Find Quick Relief.

A few doses of Croxone never fail to relieve such troubles, because it cleans out the clogged up, inactive organs, and makes them work properly. It soaks right into the kidneys, cleans out the little filtering cells and glands; neutralizes the urine so it no longer irritates the tender membranes of the bladder; dissolves the poisonous uric acid substances that lodge in the joints and muscles, and scratch and irritate, and cause rheumatism, and cleans out and strengthens the lifeless kidneys so they can filter, and sift the

poison from the blood, and drive it out of the system.

So sure—so positive—no quick and lasting are the results obtained from Croxone, that three doses a day for a few days, are often all that is required to end the worst backache, regulate the most annoying bladder disorders, and put the kidneys in healthy, active condition.

It is practically impossible to take this quick-acting, effective preparation, without results.

An original package costs but a trifle, and all druggists are authorized to return the purchase price if Croxone fails to promptly give desired results, regardless of how old you are or how long you have suffered.

EAST LANSING—Hundreds of farmers, upstate, are facing starvation and financial ruin, due to the fact that the large tracks of land recently purchased failed entirely to raise crops.

"TEMPUS FUGIT".  
We nearly all of us  
have an innate desire to  
know how "time flies"  
and to see how "the world

diminutive watch to the  
big clock, some timepiece  
must be oft-consulted.

What is more satisfac-  
tory for the home than  
"the old clock on the  
stairs" or in some other  
conveniently accessible lo-  
cation? And if we do not  
happen to be the fortunate  
possessor of a family heir-  
loom we can nowadays  
secure a perfect reproduction  
of "GRANDFATHER'S  
CLOCK".
